Notice of Allowance

This is the Notice of Allowance for application number 10/712,281 PAGE HOLDER ENABLING UNENCUMBERED MANUAL PAGE TURNING, filed on 11/12/03. Claims 1-5, 7-11, 13, 14, 16 and 18-24 are allowed. This allowance is in response to the board decision, dated 2/11/09.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Congruent with the board decision that found that modifying the Pannu reference with a specific tensioner is not a proper combination and therefore, not obvious. Therefore, the Pannu reference alone does not teach a tensioning mechanism with an adjustment control to vary tensioning on the retaining line of the device. Although the reference to Struckman has a variable tensioner (6), it does not feed and retract line and specifically teaches that the tensioner must be disengaged to turn the pages and then reengaged in use. The claims all cite, being able to turn pages while the tensioner is engaged, the tensioner allowing for the adjustment of the difference needed in tension to turn the pages. Although many variable tensioning devices may operate in the same fashion, none of them teach the retaining of pages, yet while being able to turn pages.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication should be directed to Amy J. Sterling at telephone number 571-272-6823 or to SPE Allen Shriver at 571-272-6698. Any inquiry of a general -nature or relating to the status of this application should be directed to the Technology Center receptionist at 571-272-3600.
